

Review: Romans 1-2: Explanation of the gospel: Establishing the guilt of all humanity:

Conscience (Rom 1:19) and nature (Rom 1:20). Since all are exposed to these two witnesses, all are exposed by them. Nature testifies, “He/she knew there was a glorious Creator, and did not seek to be right with Him or to worship Him.” Your conscience testifies, “He/she knew it was wrong and did it anyway.”

Rom 2:17-29:

1. 17-20: The confidence of the Jews: They knew they had the truth.
2. 21-24: The pretence of the Jews: Privilege led to pretense that they were righteous & just.
 - A. This is a partial explanation/continuation of verse 13
3. 25-29: The circumcision of the Jews: They needed their hearts circumcised!

Historically: Jews and Gentile were working through their differences in the early church.

Doctrinally: All are guilty, and all are saved by an inward spiritual means, not by the letter (v.29)

Personally: “Religious people” can pretentious. This is a giant turn off to everyone (v.24)

A. Surety in the WOG (Prov 22:21) and a privileged position can make us blessed or cursed.
