

Week 3: Trust and Obey.
There really is no other way.

1. Review:

We are in rebellion when we desire an experience or an event that is in violation of God's Word.

- This opens us up to grave deception and consequences. This is in churches everywhere!

2. Faith believes God. 1 Cor 2:9!

- God has incredible things to reveal to us as His children! We need never settle for a demonic substitute.
- Even desiring experiences that God never promised you will put you into danger of being deceived by the occult (hidden, private experience.)

- Do not sell out God's provision or instruction (His commands/ Word) for a satanic substitute. When God / His Word isn't enough, we are in danger of being consumed. **1 Peter 5:8**

3. Recognize that the desires of the flesh are never in our long term best interest.
